TAYLOR'S CHOICE ROSES

RED RADIANCE

DAVID O. DODD—Rich crimson, flushed scarlet, with well shaped buds, carried erect. Very free flowering; bushy and upright. We consider this fine rose to be one of the best of its color, certainly it is destined to become a great popular favorite. A splendid rose with no apparent faults. One-year plants, 20c each; two-year plants, 50c.

PRESIDENT HERBERT HOOVER—This rose has made a place for itself with rose lovers. The color is a blend of orange and pink, varying in tone from coppery red in bud to glowing orange-yellow at the base of the petals, flamed and suffused with vivid rose pink. An unusually strong grower and free flowering. 25c each; two-year, 50c.

GOLD STAR—Beautiful, new yellow Hybrid Tea proven especially good for garden planting. Its large, double flowers are borne singly on long strong stems. The orange-colored bud opens to a full golden yellow bloom deepened in center, orange splashings on back of petals. Growth most vigorous and compact; very free bloomer. Healthy, lustrous foliage. We predict a real future for this new rose. One-year, 25c; two-year, 75c.

GRACE NOLL CROWELL—The freest blooming large rose we have yet seen. In color it is a brilliant pink with petals heavily veined with vinous crimson while the base of petals is shaded primrose-yellow. The reverse of the petals are suffused with silvery tones. A giant in growth, producing many heavy canes from base of plant. 20c; two-year, 60c.

MAD. CAROLINE TESTOUT—This is the rose which grows so luxuriantly in the Far West that it has been adopted by the State of Oregon as its State Flower. In color, it is of a satiny rose-pink, deepening to clear red in the center. 20c each; two-year, 50c.

JOSEPHINE VESTAL—In this magnificent Rose we find a rose of attractive coloring. It might be described as a salmon-flesh, tinted rose, with a touch of yellow at the base. Buds of unusual attractiveness, opening full and double, unusually long and beautifully pointed petals of wonderful depth and substance. Very fragrant, growth strong, almost thornless, flowers on long stems, and in great profusion all summer. Grand for outdoors. 20c each; two-year, 50c.

CITY OF LITTLE ROCK—It is distinct and beautiful in color, a rose pink. The buds which open perfectly, are long and ideal form. The growth is vigorous and the flowers are produced profusely. Its pronounced fragrance will attract

These Pot Grown Roses May Be Planted Successfully any Time From Now Until the End of June. One-Year plants grown in 2 1/4 inch pots. Two-Year plants grown in 5-inch pots.

Taylor's Roses are everblooming, Pot Grown and Sent Postpaid.

The ideal garden has many Roses in it. Roses here, and there, and everywhere. There cannot be too many of them. They will bloom well, comparatively speaking, in ordinary soil, but must be given very rich soil if you want them to do their best. Work plenty of old manure in soil and grow specimens. The Rose likes heavy soil; it prefers clay loam. For best results, cut back heavy.

(All varieties are monthly or everblooming unless specified otherwise.)

all rose lovers. Price, 20c; 2 for 35c; two-year, 50c.

BABY DOLL, OR TIP TOP—Blooms, golden, yellow. Beautifully small, delicate. Price, 15c. two-year, 40c.

JONKHEER J. L. MOCK—Large flowers, erect stems, heavy foliage, quick growth, rich pink; a rose among roses. This is one of our favorites. Price, 20c; two-year, 50c.

Kiserine Augusta Victoria

KAISERINE AUGUSTA VICTORIA—White; a real rose. Price, 20c; 2-year, 50c.

CLOTHILDE SOUPERT—A fine bedder; produces large quantities of medium-sized roses of ivory white, and shading toward silvery pink. Price, 15c; two-year, 45c.

SOUVENIR DE PIERRE NOTTING—Beautiful long bud, large blooms; orange yellow bordered with carmine. Price, 15c; two-year, 50c.

OPHELIA—Strong growth; flowers on long stems; attractive buds; rich shade salmon flesh shaded with rose. Price, 20c; 2 for 35c; two-year, 50c.

KILLARNEY—Very fine; pink; everblooming, Each, 20c; 2 for 35c.

AMERICAN BEAUTY—Red; enough said. Blooms two or three times a season. Price, 20c; two-year, 50c.

PINK MAMAN COCHET—The flowers are of enormous size, very full and of great depth and substance. Color, rich coral-pink, elegantly shaded with rose crimson; has broad, thick shell-like petals and makes superb long-pointed buds. Price, 20c; 2 for 35c; two-year, 50c.

MME. BUTTERFLY—Bright pink, apricot and gold. Price, 15c; two-year, 50c.

COLUMBIA—Flowers are very large, being a giant pink. A rank grower. Blooms with a great freedom. Very fragrant. Fully double. Fine for garden culture. Price, 20c; two-year, 50c.

JOANNA HILL—Ideal American rose that makes an appeal by its charming combination of colors. Color a clear yellow deepening at the center to a rich golden orange. The buds are large, very long-pointed, of perfect shape and wonderful keeping qualities. Free and continuous flowering. Each, 20c; two-year, 50c.

ALEXANDER HILL GRAY—Pure Yellow. Large full flowers with high pointed centers. Free producer; robust, vigorous and erect. Price, 15c; two-year, 45c.

SUNBURST—This giant yellow rose is a fine forcer; ranks high in its class; color, orange coppery; everblooming. Another favorite. Price, 15c; two-year, 50c.

WILLIAM R. SMITH—Creamy white with shading of pink; a seeding from Maman Cochet and Kaiserine Augusta Victoria; beautiful in form and color; glossy foliage; long stiff stems; vigorous growth. Price, 15c; two-year, 50c.

SENSATION—An entrancing shade of red, stems long and pointed. Heavy foliage, stands among the best roses.

Price, 20c;
two-year, 50c.

Sensation

RED RADIANCE
Hardy, free bloomer, vigorous grower with large, double red blooms. Price, 20c; 2 for 35c; two-year, 50c.

PINK RADIANCE—Giant flowering, fine buds, very double; fine for cut flowers. Price, 20c; 2 for 35c; two-year, 50c.

CRUSADER—Strong growing variety. Blooms big and double. Color, a rich velvety crimson. Flower stems are strong. A good grower and free bloomer. Price, 20c; 2 for 35c; two-year, 50c.

COMMONWEALTH—This new rose has large, long pointed buds, borne singly on medium, strong stems. Color, an even deep pink, would be called a solid color. A vigorous grower, delightfully fragrant. Price, 20c; two-year, 50c.

TALLISMAN—A very popular rose because of its brilliant orange-red bud, opening to a growing golden yellow, stained with copper red and orange rose on inside of petals. Price, 20c; two-year, 50c.

FRAU KARL DRUSCHKI—"White American Beauty." The distinctive form and expression of its bud, half open state and maturity, are a three-fold revelation of exquisite charm and beauty. They commence blooming with the June Roses, are conspicuous throughout the summer with their large flowers of waxy paper white, and yield their last armful with the first snows of fall. Price, 20c; two-year, 50c.

DARDANELLE—Well shaped buds of cherry red, grand in size, the expanded flowers changing to a pretty shade of cherry rose, sweetly scented. Dardanelle is a novelty of the greatest merit and we are certain that it is destined to become a favorite. Apart from the glorious color it has all the good points we expect to find in a good garden Rose. Price, 20c; two-year, 50c.

HELEN GOULD—This is a grand Rose of the very highest merit for the garden; bright watermelon-red; very free grower and bloomer. Price, 20c; two-year, 50c.

LA FRANCE—(Pink)—No variety can surpass it in delicate coloring—silvery rose shades, with pink. It has a satin sheen over all its petals. It blooms continuously. The flower is large, finely built, fragrant. Price, 15c; two-year, 50c.

PAUL NEYRON—Largest of Roses, blooms two or three times a year. Color, pink; shading to rose, most beautiful in the massiveness of the blooms. Very fragrant with mild touch of apple blossoms. The rose is very strong and vigorous and is considered by Rose growers as suited for outdoor planting. Price, 15c.

EVERBLOOMING CLIMBING ROSES

CLIMBING RED RADIANCE—Large blooms of strong, clear red, with no trace of any other color. An exceptionally vigorous grower, sending forth heavy canes, with healthy foliage, very liberal in producing blooms, it cannot be surpassed as a red climbing rose. 20c; two-year, 50c.

CLIMBING WOOTTON—This bright, red climbing rose is one of the best of its color. It is a strong grower free bloomer, a rose in fact, that will give excellent results in growth and flowers. 20c; two-year, 50c.

CLIMBING MAD. CAROLINE TESTOUT—Brilliant satiny rose, deepening at center and bordered with silvery rose; immense broad petals and extremely large flowers. 15c; two-year, 50c.

MARECHAL NIEL—The fame of the superb yellow rose Marechal Niel, with its large, deep golden-yellow flowers, is world wide. It is almost universally held to be the finest rose for indoors or outdoors, where the climate admits of its cultivation. Magnificent golden-yellow flowers are almost massive in dimensions. Strong growth and beautiful foliage. 20c each; two-year, 50c.

CLIMBING COLUMBIA—A hardy, everblooming pink climbing rose. Buds and blooms immense size; borne on long stems for cutting. Petals large, color clear, imperial pink. Many have been wanting this rose. Each, 15c; two-year, 50c.

Frances Scott Key

FRANCES SCOTT KEY—Some flowers have high as sixty petals and sometimes more, opening to a very high center; color is a magnificent red. Is very easy to cultivate and require little care.

Price, 15c;
two-year, 50c.

CLIMBING SUNBURST—The same as Sunburst, except this is a climbing. One of the finest climbing yellow roses. Price, 20c; two-year, 50c.

TAYLOR'S CHOICE BEGONIAS

(ALL POT GROWN)

CORALLINA LUCERNE—Bright coral red, changing to delicate pink. The foliage is dotted with silvery white; will stay in bloom for months. Sure to please. Fine plants only 20c.

THRUSTONI—The flowers are a beautiful deep pink in bud, but when fully expanded become a beautiful shell pink. Leaves large and polished or emerald green color, blood red underneath. Very showy. Price, 20c.

BEGONIAS—(Known as the Everblooming Varieties)—Very fine for bedding out or for pet plants. They are great bloomers, almost perpetual. Small foliage, glossy green, turning to a purplish bronze. State color, red or pink, 18c each; 2 for 35c; 6 for 90c.

RUBIA BEGONIA—The Hubia is one among the best Begonias; has dark glossy green leaves; makes a wonderful house plant; free bloomer. The flowers are rose color. Price, 15c; 2 for 25c.

BEEFSTEAK BEGONIA—(called by some the Strawberry Leaf Geranium)—The leaves have silver top, red underneath. Very ornamental. Flowers, pink. Plants, 15c; larger one, 25c.

M. DE LESSEPPS—It is beautifully spotted with silver. A very strong, free growing variety that will succeed with ordinary care. White flowers. Price, 20c each; 3 for 50c.

REX BEGONIA—Our Rex Begonias are the most beautiful of foliage plants with beautiful colored leaves of enormous size, making an unequalled house plant; sure to please. Price, 25c.

DECORATIVE FERNS

ALL FERNS ARE POT GROWN

More Ferns are killed by watering than from lack of it. When soil is sticky, do not water. When soil is dry, water thoroughly. The best way is to stand pot in basin of water 15 minutes. Watch for the very small white specks on under-side of leaf near base of stem, for this spray with Shep, enough Shep to make 4 gallons of spray for 40c. Postpaid.

WHITMANII (Ostrich Plume Fern)—More of a dwarf than the Boston Fern. The fronds are of entirely different nature. Each frond is subdivided on the order of the Compacta Fern, thus producing a very beautiful effect. Its decorative ability is excellent. Price, 15c.

SPLENDIDA—"The Big Four Fern"—A decided novelty. It combines the good qualities of the four most popular sort—the grace of the Boston, wavy effect of Roosevelt, fluffy effect of Ostrich Plume, and the uniqueness of the Fish Tail. Price, 15c.

NORWOOD FERN—(Fluffy Ruffles)—A dwarf compact fern similar to the Ostrich Plume, carrying its fronds erect. Makes an ideal specimen. A favorite of mine. Good plans, at 15c each.

NEPHROLEPIS SPARROWII FERN — We are glad to offer our customers this new variety. Quite robust, rapid and easy grower, can be grown with success by the amateur; dark green foliage, beautiful crested fronds. Price, 15c.

FEATHER FERN—(Asparagus Sprengeri) — The plants are rapid growth, growing freely all year, producing large sprays. Fine for window boxes or hanging baskets. A fine house plant. Foliage used for cut flower work or in bouquets. Keeps fresh a long time. Price, 15c.

BOSTON FERNS—An old stand-by that is hard to beat. Has long, graceful drooping fronds. Grows very large and is very popular. Price, 10c.

COMPACT SWORD FERN—Resembles the Boston, only more dwarf and more erect and darker shade of green, gracefully arched. A good house plant. Price, 15c.

TEDDY JUNIOR—New dwarf fern, said to produce nearly four times as many fronds as any other fern introduced; fronds are broad and tapered from base to top. Price, 15c each.

BOUGAINVILLEA

CRIMSON LAKE—Its numerous clustered, crinkly, paper-like bells in their emerald setting are an incomparable brilliant crimson-lake color. Their foliage is attractive in form, and shiny; the entire effect of leaf, twiggy growth and luxuriant bloom giving them an air of tropic elegance unequaled by any other indoor vine. Their bright festoons are wonderfully effective along the walls in conservatories and sunrooms. Price, 25c each.

SANDERIANA—Large bell-shaped flowers of lilac-rose, borne profusely in terminal clusters all over the plant; blooms when quite small. Price, 20c each; 3 for 50c.

SANSEVIERIA ZEYLANICA (Zebra, Snake or Tiger Plant)

Just the plant to grow in sunless windows; dark or heated rooms; will stand almost any amount of neglect, yet hold its thick, fleshy green clouded and sword-like leaves in the graceful position. 15c each; 2 for 25c.

GOLDEN STRIPED — (Sansevieria Laurenti) — New, rare, decorative plant. This variety in addition to having the green variegations of the ordinary sort has a band of creamy-white on the outer edges of the leaves. Very distinctive and ornamental. Strong plants. Price, 25c.

Sansevieria
Zeylanica

Lace
Fern

LACE FERN—(Asparagus Plumosus)—Graceful bright green leaves of delicate form and unusual beauty. A fine house plant. Thrives under all conditions. The foliage cut and put in water will hold its shape and color for weeks. Price, 15c each.

SNAP DRAGON

A border and bedding plant of long blooming season. Long showy spikes of curiously shaped tubular flowers. Many fine colors, mixed. Pot grown plants. 10c each; 80c dozen; 25 for \$1.50, Hot Bed plants, 20c dozen.

TAYLOR'S CHOICE GERANIUMS

LARGE DOUBLE

Price, 15c each; 2 for 25c; six for 70c;
Dozen, \$1.25. Assort as you like.
Postpaid.

All Pot Grown. Postpaid.

"If I were asked to name the one flower best adapted to general culture I would enthusiastically name the geranium as to the flower. It is of easy culture. All that is asked is good soil, enough water to keep roots moist, but never wet, sunshine, and away from frost."

Geraniums will not stand much water, neither will they bloom well in a large pot.

IRVINGTON BEAUTY—Every branch producing an immense truss of rosy, salmon-pink-bloom. A four inch pot plant often showing five to seven large perfect trusses. It is just as fine for bedding as for pot culture and the most persistent bloomer in the Geranium family.

SCARLET BEDDER—A free bloomer. One of the best Scarlett you will find. A real outstanding geranium.

FIAT—Semi-double salmon pink. Flowers are perfect and plant healthy and attractive.

LANDRY—Distinct salmon, pink shading to scarlett; enormous blooms. Will stand extreme heat.

RADIO RED—Darkest and richest Geranium grown. It is a very bright dark, deep, rich velvety maroon, an excellent bedder and a perfect pot plant.

DUKE DE MONTMART—This is nearest to the blue geranium. It is more strictly speaking a rich purple; a striking color.

ALPHONSOE RICCARD—A most beautiful shade of bright vermillion, large flowers and enormous trusses a grand variety.

AMERICAN BEAUTY—Flowers light red color; large and double; fine for pots or bedding.

S. A. NUTT—(Queen of Crimson)—Said to be the best dark red bedder; a great bloomer; double. A great favorite.

BEAUTE POITEVINE—A beautiful variety, with large double flowers of a bright salmon pink; very fine.

BUCHNER—Plants bushy, large flowers; pure white, fine for pot or bedding.

JEAN OBERLE—One of the most beautiful among the colors; known as peach or hydranea pink. Plants strong and free bloomers.

JEAN VIAUD—Among the best large flowering double pink geraniums, color deep pink, shading near the base of petals to light pink.

HELEN MITCHELL—Clear, brilliant, scarlet, one among the best.

The Above Are All Double

IVY-LEAVED GERANIUMS—Very fine for baskets, either trailing or climbing. Color, pink, white, red, lavender and cerise. State color wanted.

STRAWBERRY GERANIUMS—Leaves nearly round and striped freely with silver bands. Blooms white. Easily grown. Does well in sun or shade. Does not resemble the Geranium. 10c each; 3 for 25c; fine for baskets.

SWEET SCENTED GERANIUMS—Nutmeg, lemon and rose are three different varieties. 15c each or two for 25c.

OUR LOSS IS YOUR GAIN—We have a lot of Geraniums that tags have been lost from. They are nice plants, but they are mixed. We do not know the color, so will sacrifice them for only 10c; 3 for 25c; dozen, 90c.

Ivy-Leaved Geraniums

ALLIANCE—A French hybrid between a Zonal and Ivy. Color is a lilac white, blotched with bright crimson rose; habit excellent, robust, strong, close-jointed.

CHARLES TURNER—Considered the finest and best deep rose pink Ivy Geranium for general use.

CAESAR FRANK—Soft rich crimson, one of the most popular variety yet introduced.

COMTESSE DE GREY—Profuse bloomer; light satiny salmon color; luxuriant, glossy, green foliage.

CARLOS UHDEN—Rose cerise, large double flowers, strong, robust grower; splendid habit.

GORDENS GLORY—A profuse bearer of beautiful, bright scarlet flowers.

MRS RICHARD GLOEDE—A very good variety, American beauty pink flowers, of immense size, real good bloomer.

JEAN OBERLE—An exquisite shade of peach pink. A very free bloomer.

MARQUISE DE MONTMONT—A striking variety, greatly admired deep crimson carmine. A very beautiful shade.

CALIFORNIA BEAUTY—Flowers of enormous size and appear in enormous profusion. A beautiful double clear rose pink.

Variegated Foliage Varieties

HAPPY THOUGHT—Leaves with creamy center.

MOUNTAIN OF SNOW—Luxuriant variegated foliage, scarlet flowers.

MRS. POLLOCK—Rainbow colored foliage, very exquisite.

SILVER LEAVED S. A. NUTT—Double dark red flowers with silved leaved foliage.

EASTER GREETING

New Everblooming Pelargonium

Flowers large and free blooming; amaranth red; each petal marked with a large black blotch. A fine variety to grow, on account of its long blooming season. Price, 20c; 3 for 50c.

CHRYSANTHEMUMS

INDOOR VARIETY

One of the finest flowers grown; the king of all blooming house plants. Flowers will keep a long time after cutting.

PRICES—On all the following, 15c each; two for 25c; dozen for \$1.25.

SPECIAL OFFER

For 85c will send to any address Postpaid, 12 Choice Mixed Chrysanthemums, our selection. You will not be disappointed.

DIRECTIONS FOR CHRYSANTHEMUMS WHICH IF FOLLOWED, WILL INSURE SUCCESS

WHEN TO PLANT—Anytime after the ground can be worked, even up to June 20th, will give you good blooming plants in the fall.

SOIL—Dig the ground deep; put in quantities of manure. The Chrysanthemum is a gross feeder; if fed well the flowers will be large and the plant strong.

DISBUDDING—If you want large flowers, keep plants pruned and disbudded, leaving only three or four buds, for a real show bloom leave only one.

WHEN TO LIFT—In localities subject to heavy frosts in October or November, plants should be lifted into larger pots by September 1. After lifting drench thoroughly and never allow them to suffer for water. Give manure water, if possible, once a week. If protected from frost by sheeting, they need not be brought into the house till well into October; and when brought in place in a room without fire; give plenty of air when not frosty. In cold climate winter in cellar.

Chrysanthemums enemy—Black Aphis and Mealy Bug.

Keep them sprayed with Shep. Enough Shep to make four gallons of spray, 40c.

OCTOBER FLOWERING

HONEY DEW—Canary yellow of shining satin-like finish, large round and smooth; 3 1-2 feet, good stem and handsome foliage.

BETSY ROSS—Large, pure white. A very popular variety. Sure to please. One of the largest white for exhibiting at fall shows.

CHIEFTIAN—A beautiful incurving pink of perfect shape. Perhaps the finest incurved pink commercial variety in cultivation today.

WHITE CHIEFTIAN—An ideal incurved white. Fine for cut flowers. We are sure you will be pleased with this beauty.

ENCHANTRESS—The color is bright rose-pink of an even shade.

JOSEPHINE FOLEY—One of the best incurved whites introduced in recent years. Strong in growth and stem. It holds in fine condition for a long time.

MID-SEASON FLOWERING

BLACK HAWKS—Dark and velvety. Very large and hold in fine condition for a long period of time. If you like red, this will be sure to please you.

WILLIAM TURNER—This is an incurved variety very large and pure white blooms. One that everyone loves.

YELLOW WILLIAM TURNER—One of the brightest yellow Chrysanthemums; a standard variety.

GLADYS PEARSON—New shade for Thanksgiving use, maturing November 20 to 25. The upper surface of the petals is apricot and the reverse buff, which illuminates under artificial light to bright orange.

OLD ROSE—A pleasing shade of deep pink. Pink varieties are not very plentiful, and this is a new welcome addition to the list. Blooms about November 1st.

ELBERON—Bright pink, finest incurved form. Beautiful foliage and good stem; easy to manage.

GOLDEN ELBERON—Identical with pink Elberon in every respect except in color, which is yellow and is equally useful.

DECEMBER FLOWERING

EDWIN SEIDWETZ—A most beautiful and rich incurved pink. One that you will surely like.

NAGAYA—Bright yellow. Can be grown for Thanksgiving or early December. A very popular Chrysanthemum.

HARDY OUTDOOR

Many "Mum" loving friends ask us for hardy varieties of Chrysanthemums that will live outdoors all winter. To those of our friends who want hardy "Mum," we heartedly recommend this collection. They are quite hardy, and include a beautiful and wide range of colors.

EARLY BRONZE—This variety is liked by everyone. Good for cut flowers.

CAPTAIN COOK—One of the most beautiful rose pink you will find anywhere. Not even a tint of lavender. Absolutely rose pink.

ILLONA—Rose lavender. Stiff and upright growth.

COLEUS

These are all fine for bedding and as specimen pot plants during the winter. They are wonderfully attractive. I do not know of a finer foliage plant than the Coleus. Keep well sprayed with Shep if the white cotton-like bugs should appear in summer. Enough Shep to make four gallons of spray for 40c. Postpaid.

FILLMORE BEAUTY—Large leaf, crimson center shading to chestnut brown, yellow edge. Excellent greenhouse variety, always well colored. Price, 15c; two for 25c.

LA VERNE—Attractive red leaf intermingled with maroon and bright green, fiery red veins. One of the best propagators in the Coleus family. Price, 10c each.

PRIDE OF THE NORTH—Center carmine-red with bronze luster, wide border of olive green, red flecked with the same color of red. A very charming Coleus. Price, 10c each.

NEW PRESIDENT HARDING COLEUS—Bright red leaves, with brown, green-yellow edging. A real beauty. Only 15c; 2 for 25c.

SETTING SUN—Sun-red, bordered bright golden yellow shading to plum. Price, 10c; 3 for 25c.

CHRISTMAS GEM—Very broad leaves; bright crimson, marked with yellow. Sure to please. Price, 15c each; 2 for 25c.

NEW GIANT RAINBOW (Christmas Queen)—Long leaf, richly colored. Many colors, ranging from dark velvet to pink, yellow, brown and green. A winner. Price, 15c each; 2 for 25c.

DEFIANCE—New, fine leaves, bright yellow, about one-half of surface, in center bright velvety crimson. Price, 15c each; 2 for 25c.

HOLLYWOOD RED—Maroon center with serrated edge of green, gold and bronze, excellent dwarf. New variety. Price, 10c each; 3 for 25c.

JOSEPH COAT—An intermingling of many colors. Price, 10c each; 3 for 25c.

WATER PLANTS

FLOATING HEART—Beautiful leaves, brilliant yellow flowers; free bloomer, is hardy and will do well in water or on border. Price, 25c each.

ANACHARIS CANADENSIS GIGANTEA—A beautiful submerged plant, dark green leaves. Price, 25c each.

MANY OTHER WATER PLANTS ON PAGES 16 and 17.

Everything is prepaid except Balled and Burlapped Evergreens.

PEONIES

Few hardy plants are so suited to any position in the garden or lawn as the Peony. The display of flowers is very effective, rivaling the rose in beauty. A good deep rich soil suits them best with plenty of sun, while they do well in any ordinary soil, once planted, they will last for years. Plant two and one-half inches under ground. If planted deeper will grow, but will not bloom.

COURONNE D'OR—Large semi-rose type; pure white with ring of yellow stamens around a tuft of center petals tipped with carmine. Price, 30c each.

DUCHESS DE NEMOURS—Fine early white variety. Strong grower and free bloomer; large double flowers; very fragrant. Price, 35c.

EDULIS SUPERBA—The famous Decoration Day Peony; very fragrant; of upright growth; one of the best. Large double blossoms; beautiful pink. Price, 35c.

FELIX CROUSSE—Very brilliant red; flowers mammoth in size, perfectly globular in shape, and have an agreeable fragrance. Mid-season. Price, 45c.

KARL ROSEFIELD—Pure, rich, intense crimson. Very large flower; globular, semi-rose type. As a late red it has no equal. Price, 45c; postpaid.

DUCHESS D'ORLEANS—Medium to large; dark carmine pink guards, center soft pink; fragrant; mid-season; vigorous; tall; a free bloomer. A profitable cut flower; it ships well, can be depended upon for an abundance of flowers year after year. 35c each.

ZOE CALOT—Very large; soft pink tinted lilac; fragrant, full globular bloom; mid-season; growth strong; good height; stiff stems; blooms freely. 45c each.

CANDIBISSIMA—Large tinged sulphur; becoming white; fragrant; rose type; early; blooms freely; 30c each.

AQUATIC PLANTS

FOR THE LILY POOL

WATER HYACINTHS—Fill bowl about half full of good soil. Pour in water until it will stand two or three inches deep. Place the lower roots in soil and let plants float in water. Has fine blooms borne on spike of bluish color, fine for fish bowls or outside pools. Will grow fine floating on top of water but will not bloom so well unless roots reach soil. Price, 15c; 2 for 25c.

Hardy Water Lillies

Lillies are easy to plant, but it must be noted that they are to be set horizontally and not be put in up and down or they will likely fail to start. Just press them into the ground, covering them with an inch of soil away from off the growing end. The soil should be well firmed around them. An inch of sand or gravel put on the top after they have been planted will help to keep the water clear and prevent the goldfish from rooting in the mud. A few days after planting if the water becomes dark and disclosed from the fertilizer used, it will be well to drain the water off and fill up with fresh. In our own pools we always do this and recommend it particularly for small pools. We think it the most essential thing in establishing a pool. Hardy white, 30c.

PAUL HARIOT—Very large. When first opened the flowers are canary yellow, the second day shaded with pink at base of petals; very beautiful. Price, \$1.25 each.

GLADSTONE—Flowers cup shaped. Very massive; pure dazzling white. You will like this one for large pools. Price, \$1.00 each.

PINK OPAL—Exquisite deep rich pink; flowers of interesting form. It presents an appearance quite unique and decidedly attractive. Excellent as a cut flower. Price, \$1.00 each.

ROSE AREY—The bright cerise flowers are very large, up to eight inches in diameter; very sweetly scented, with pointed petals, giving effect of dark shades near the edge. Free flowering and of strong growth. This Lily is of exceptional beauty. Price, \$1.50 each.

PARROT FEATHER—Quite successful when planted in a tub or water tight hanging basket. The growth soon goes over the edge in the form of soft trailing sprays. Price, 10c; 3 for 25c, pot grown.

HIBISCUS

Where can you find a more striking plant for summer or winter? It is always budding or blooming. Hibiscus in pots are extra fine for the porch or balcony, or for bedding out in summer. Tender Perennial.

PEACH BLOW—The flowers are double and from four to five inches in diameter, of a rich clear pink with small deep crimson center. Very beautiful. 15c each; 2 for 25c; pot grown.

RUBIA—Has large double flowers of a deep crimson color. This is one you will appreciate. Pot grown. 15c each.

LAMBERTII—Flowers large, deep crimson color. The finest and most brilliant double, crimson, with flowers 4 inches in diameter. 15c.

PHILODENDRON

“The Wonder Vine” or “Devil’s Ivy”

For use in fern dishes, wall pockets, baskets or any place where anything else will thrive. By far the best plant for use in the home as under-watering, over-watering or any adverse conditions will little effect it. For fern dishes, plant a sufficient quantity in dish and pin the vine to the soil and it will root at every joint and form a compact mass of green heart-shaped leaves. 20c each; 2 for 35c.

CROTONS

They are beautiful for pot plants. Nothing can excel the richness of coloring found in this plant. Very effective for summer bedding. Nice plants, 20c; 2 for 35c; pot grown.

CROWN OF THORNS

(*Euphorbia Splendens*)—The Great Biblical Plant which is found on the wild and rocky hills of Judea. Very peculiar with thick, fleshy twining stems, which are covered with sharp, stout spines nearly an inch long. The leaves or foliage is very bright green and there are an abundance of light coral pink colored flowers. Easy to grow and the plant can be trained to assume any desired shape. 15c each. Pot grown.

MANETTIA BICOLOR

The most beautiful of all vines. Can be grown in house or garden. Can be trained about a window, forming a wreath of the most brilliant bloom both summer and winter. Flowers scarlet, shading into flame, tipped with bright golden yellow. Price, pot grown, 15c each; 2 for 25c. An Annual.

ANGEL’S TRUMPET

(*Burgmansia*)—Large tropical leaves with trumpet-shaped flowers, pure white and as fragrant as jasmine. Blooms indoors in winter and in the garden in the summer. Plants, pot grown, 25c each.

PLUMBAGO

A very beautiful pot plant; a constant bloomer; flower sky blue. Price, 15c each; 2 for 25c.

BRAZILIAN PLUME PLANT

(*Justica Carnea*)

This is a good plant, blooming profusely commencing to flower when young; strong and rapid grower and throws long shoots, each of which is tipped with a plume-like flower. Color pink. Pot grown; 20c each; 2 for 35c.

AGERATUM

Blue perfection for massing, bedding, edging or potting; beautiful blue flowers in abundance. Price, pot grown, 10c; 3 for 25c; dozen, 70c.

CLEMATIS PANICULTA—Star shaped, and creamy white color, fragrant; a good climbing vine and hardy; 20c each, postpaid. Large Clumps, 50c each; 2 for 90c.

TUB GARDEN

The best effect will be gained by sinking the tub in the ground right up to the rim. Fill the tub half full of rich soil, cover this with half an inch of clean sand and fill with water. The little "pool" is now ready for the water lilies, aquatics and perennials, rock plants and fish. The drawing shows a cross section of a tub garden with plants and water lilies as follows:

Tub Garden collection includes—1. 2 Alysum, 10c; 3. 1 Arrowhead, 25c; 4. 2 Water Lillies, 50c; 5. 1 Water Hyacinth, 15c; 6. Umbrella Plant, 10c; 7. 1 Water Poppy, 20c; 8. 1 Snail, 10c; 9. 1 Water Caladium, 10c; 1 Iris right side, 10c; Total, \$1.60.

HARDY PERENNIALS

SALVIA

(SCARLET SAGE)

Salvia are easily grown. Set in open after danger of frost is past. Plant freely in beds or borders about 18 inches apart. Very fine for foundation planting. Salvia makes a fine back ground. Pinch young plants back to make them bunch out. They are sure to more than please. Plants ready March 20.

SALVIA SPLENDEUS—One of the most popular plants through the summer and fall. Plants grow to a height of three feet; covered with scarlet flowers. Price, not pot grown, one dozen, 20c; two dozen, 35c; four dozen, 60c; Pot grown, 5c each; 6 for 25c; 12 for 45c.

DUSTY MILLER—This plant is used for edging beds of salvia, Cannas, Coleus, Geraniums, etc. Almost too well known to need a description. Silver white leaves. Price, pot grown, 10c each; 3 for 25c; 12 for 85c.

UMBRELLA PLANT

Should be grown in bucket half full of rich soil, then filled with about two inches of water. Always fresh, green and attractive. Stems grow two feet high, surrounded by whirls of leaves. (May be grown in pots if well watered). Price, 10c; 12 for 90c; Fine for fish ponds.

Banana Oringo

10 to 15 Feet)

An interesting plant to grow. Planted in the spring in a sunny, well watered location and will grow first season to a height of 10 to 12 feet. Leaves about six feet long. A great novelty to see growing. Very ornamental. Two-year-old plants, sometimes produces a bunch of bananas growing in your yard. Good plants, 35c; 50c and 75c. Store in cellar over winter; will keep without sun or water, keep away from frost.

FLAME FLOWER—TORCH LILY

RED HOT POKER (Tritoma)

Large beautiful spikes of orange scarlet, ever-blooming. Succeeds in ordinary garden soil, but responds quicker to liberal treatment; hardy of given protection. Best to bury roots in sand where they will not freeze in winter. 25c each; 2 for 45c.

Taylor's Hardy Phlox

No class of hardy perennials is more important than the Phlox, which succeed under almost any conditions and flowers from the end of June until late in the fall; and while they will continue in good condition and flower freely for many years without attention, still they are much improved by liberal cultivation, 20c each; 2 for 55c; 6 for \$1.00.

VON HOTCHBERG—Extra size and depth of color; liquid amaranth-red. One of the richest, most impressive of all red phlox.

WIDAR—Best of the distinctly two-color varieties; free blooming and consistent. Light reddish violet, with a striking white sunburst at center.

ETHEL PRITCHARD—A lovely self shade of rose-mauve, or lavender with a luminous wormth.

THOR—A charming variety with very large flowers; soft ruddy salmon with a bleached motting about the eye of aniline red.

MISS LINGARD—Longest spikes of any phlox—blooms from the ground up; the earliest blooming, sweetly fragrant. Waxy white with lavender eye; a good cut flower.

ENCHANTRESS—Soft salmon-pink with a dark red eye. Compared with Elizabeth Campbell it shows greater vigor, more attractive shiny foliage, and a warmer salmon tone.

GRAF ZEPPELIN—A new calico-type, a good grower; very free flowering, with no fading or suffusing of color; pure white with vermilion eye.

PHLOX SUBULATA (Creeping Phlox)

Ground covering, creeping phlox, or "Moss Pink." Often used for covering graves, surrounding old stumps and even large growing trees. A striking bordering plant for early spring, growing to a wide mat, the bloom all-covering. Very popular as a filler in large rock gardens.

ALBA—White.

ROSEA—Bright rose-pink.

MAMMOTH VERBENA

A very popular and useful bedding plant; to keep blooming in best condition, keep all old flowers cut off; a severe clipping will make a better plant.

Fine For All Plants, Trees and Shrubs

Delphinium

These hardy plants belong in every garden. Few perennials make such a fine show during spring and early summer, and in cooler sections the plants keep on blooming for many months. They are excellent for cutting. Set the plants four feet apart, so that they can develop freely. During severe winter weather cover with coarse straw or leaves.

BELLADONNA—A magnificent sort with spikes of the most delicate turquoise-blue. Make up prettily with Baby's Breath. Blooms, July till frost. 20c each; 2 for 35c; 6 for 95c.

BELLAMOSE—A very dark blue variety; strikingly contrastive in connection with the azure shade of Belladonna. 20c each; 2 for 35c; 6 for 95c.

Testimonial

Altus, Arkansas,
April 27, 1934.

Taylor's Greenhouses,
Russellville, Arkansas.

Dear Mr. Taylor:

I received my plants for my lily pool to-day, and want to tell you I am delighted with the lilies you sent. Only they are so much larger than I expected for the price that I am afraid my pool is too small for two. It's 3 ft by 9 ft., 30 inches deep.

I want to tell you—I paid \$1.60 bus fare to Ft. Smith just to buy these plants. Finding that there wasn't any water plants in Ft. Smith for sale.

At the greenhouses they told me they didn't have them. I asked them where I could get them. They said, lady why didn't you buy them from Taylor.

My answer was that I had your catalog, but they were so cheap I was afraid of them. He laughed and said, well Taylor just has it on us.

So from now on I shall get it from Taylor.

I truly appreciate your kindness and nice plants.

Yours,
Mrs. J. N. Davis.

"DOGZOFF"

If you are bothered with dogs, cats or rabbits, "Dogzoff" is the spray you need. It is a most efficient animal repellent and one spraying will last from three to four weeks. Not poisonous to plants and will not injure animals. Not offensive to humans. Its use is guaranteed to keep the animals from any place where they are not wanted.

"Dogzoff" is applied with any small insect sprayer and one application usually does the work.

"Dogzoff" will save its cost many times over around the garden and home.

NOTICE—20 PER CENT DISCOUNT—Orders for 100 or more Tomato Plants shipped after May 10, you may deduct the difference, or send full price, and we will send extra plants.

POT GROWN TOMATO PLANTS

We grow Beefsteak, and Fifty-Day Plants in flower pots. For extra early tomatoes try a few plants, this being the quickest way known to have early tomatoes. Once you try them, you will want no other, if it is early tomatoes you are after. Nice large plants, well rooted, shipped with soil on them. 6 for 25c; 12 for 45c; 100 for \$2.75. Express or Postpaid.

PONDEROSA—Of perfect shape. Very large, early to late. Quality fine. Color pink. Too well known to need much description. A winner.

BEEFSTEAK—Without question is the king of all tomatoes. The world's unbeatable tomato for the main crop. Ripens early and continues to fruit for a long period. Large, a splendid keeper, very productive. Fine color. Flavor cannot be beat.

NEW STONE—A standard, main crop; red medium, early, a fine canner. Very popular.

1,000, \$2.75—2,000, \$4.75

BUCKBEE'S FIFTY-DAY

Mr. Buckbee, the originator, claims that good plants will produce ripe fruit in fifty days after set in ground. Hence, the name, "50-Day." If it is early Tomatoes you want, try this one. Plants are grown from originator's seed only.

1,000 for \$3.50

EARLIANNA—An extremely early, smooth, bright red tomato; good sizes and vines small but vigorous. This is the tomato that delivers the goods. 1,000 for \$2.75; 2,000 for \$5.00.

MARGLOBE (WILT RESISTANT)—This variety is a cross between Marvel and Globe, producing a heavy yield, of large, smooth, solid, red fruit which ripens medium early. It is somewhat larger than the Stone, and is highly recommended because of its wilt-resisting features. The havoc wrought by wilt in tomatoes is serious. If you have been disappointed in growing tomatoes because of this disease, you will be interested in this hardy, wilt-resistant sort.

BONNY BEST—Fruit generally borne in clusters. A good, uniform, early tomato; scarlet red.

MAGNOLIA

MAGNOLIA GRANDIFLORA (Southern Magnolia)—The grandest of all our native broad-leaved evergreen trees. A native of the middle sections of the Southern States. Succeeds best in a rich soil. Nothing more conspicuous can be seen among evergreens when its large, white flowers are fully expanded. Their period of blooming begins in the middle of April and lasts until August. 24 to 30 in., B & B., 85c; 35 to 42 in., B. & B., \$1.25. Carriage Collect.

CHERRY LAUREL

One of the most beautiful broad leaf evergreens. Glistening green foliage. Upright growth, attaining considerable height. Can be shaped to any desired form and kept at any height. Always beautiful, the white plum-like blossoms of the Cherry Laurel make it highly desirable for spring effects. 18 to 24 in., \$1.00., B. & B., Carriage Collect.

Youngberries

LARGE FIRM Berries, black, the flavor of the Raspberry, Dewberry and Blackberry, all combined.

Price—12 for 85c; 25 for \$1.50; 50 for \$2.75. Postpaid.

Strawberries

MASTODON—The Great Everbearing Strawberry—Since the introduction of the everbearing class, many varieties have been tried, improved and supplanted. According to many reports gathered from all berry-growing sections of the country, Mastodon is the last word and out-ranks all predecessors. It is of immense size, an almost incredible cropper, of choice quality, and the strongest grower yet developed. More productive than most June bearers, its fall pickings are sufficient from but a few plants, and very profitable.

Price—25 plants, \$1.00; 50 plants, \$1.75; 100 plants, \$3.50. Postpaid.

Blackberries

EARLY HARVEST—Not entirely hardy in the north and needs winter protection. Its earliness, combined with good shipping qualities, make it very profitable. Compact dwarf grower, enormous bearer. Fruit medium size.

MERSEREAU—Remarkably strong grower, upright, producing stout, stocky canes. An enormous producer of extra size berries which are brilliant black and retain their color. Extra quality; sweet, rich, melting, without core.

PRICE—Blackberries—6 for 50c; 12 for 90c; 25 for \$1.50; 50 for \$2.50; 100 for \$4.50. Postpaid.

Raspberries

ST. REGIS—Fruit commences to ripen with the earliest and continuing on young canes until October. Berries bright crimson, large size, rich, sugary with full raspberry flavor; flesh firm and meaty.

PRICE—Raspberries—6 for 45c; 12 for 95c; 25 for \$1.40; 50 for \$2.50. Postpaid.

Apples

SUMMER APPLES

EARLY HARVEST—Medium to large, pale yellow, fine flavor, tree upright grower, a good bearer, excellent variety for home use. August.

YELLOW TRANSPARENT—Earliest and best white, tender and juicy, sprightly sub-acid, grows rapidly, bears young, and is very profitable. August.

RED JUNE—One of the best early apples.

AUTUMN APPLES

MAIDEN BLUSH—Medium size, flat and smooth, pale yellow with deep red cheek, tender, pleasant acid flavor, good bearer, fine for home orchard.

WINTER APPLES

RED DELICIOUS—A remarkable variety rapidly taking first place both for home and commercial orchards. Fruit extra large; color nearly bright red; flesh white and fine grained, rich, melting and juicy, of the very highest quality; tree young bearer, sometimes at age of 2 years from planting; good keeper in most sections. Annual bearer.

ROME BEAUTY—Large, yellow shaded with bright red, juicy, sub-acid, good keeper and a fine market sell. Bears young.

STAYMAN'S WINESAP—One of the best apples for bearing and selling. We strongly recommend this variety; good size, deep, red, handsome, juicy and crisp. Keeps well, bears young, an extra good apple both for eating and cider marking.

JONATHAN—Fruit medium size, red, very tender, good flavor, tree young bearer, a good market sort. We recommend it for commercial planting; good keeper.

GRIMES GOLDEN—An extra fine quality apple. Golden in color, good keeper, tree vigorous and productive.

PRICE—All Apples—3 to 3½ feet, 35c each; 2 for 65c; 12 for \$3.50. Delivered.

Pears

KIEFFER—Very large. Tree a fine grower, makes a beautiful tree for planting along farm drives. Fruit, while hard when picked from tree, if placed in cellar until Thanksgiving becomes very good to eat. Sells well for market sort.

BARTLETT—Large, buttery, juicy, high-flavored, great bearer; very popular both for eating out of the hand and for canning. September.

PRICE—3 to 4 feet, 35c each; 2 for 65c; 12 for \$3.50. Postpaid.

Cherry

BLACK TARTARIAN—Very large, purplish, black, juicy, rich, excellent and sweet flavor, very productive. June.

EARLY RICHMOND—Medium size, dark red, melting, juicy, acid flavor; one of the most popular and productive.

MONTMORENCY—A beautiful, large, red cherry of the finest flavor, and ripens 10 days later than the Early Richmond. A heavy annual bearer, and very hardy; there is always a strong demand for Montmorency.

PRICE—All Cherry—2½ to 3 feet, 35c each; 2 for 65c; 12 for \$3.50. Postpaid.

Peaches

CARMAN—White with red cheek, flesh white, size large, fine flavor; good seller on the market. July.

J. H. HALE—A choice-variety, globular, averages one-third to one-half larger than Elberta, ripens about five days earlier and is much superior in flavor. Color a beautiful golden yellow, with deep carmine blush; practically free from fuzz. A good shipper, and one of the most popular varieties. September 10.

BELLE OF GEORGIA—Very large, white, with red cheek, flesh white and firm, excellent flavor; tree vigorous grower; a good white sort. Early September.

EARLY ELBERTA—Ripens about a week earlier than Elberta; otherwise the same or a trifle better quality.

HEATH CLING—White clingstone, very large, used for pickling and canning with stone in, good flavor. Ripens in October.

INDIAN BLOOD—Large, dark claret, with deep veins; downy; flesh deep red; very juicy. Middle of August.

PRICE—All Peaches—2½ to 3 feet, 25c each; 2 for 45c; 12 for \$2.50. Delivered.

Plum

BURBANK—Of Japanese origin, fruit large and fine, amber, turning to a rich bright red; flesh juicy, tender, sweet; very productive, ripens early in August.

GERMAN PRUNE—Large, dark purple, sweet and good. One of the most desirable and popular for canning. September.

WANETA—A masterpiece in Plums. It often bears the next year after planting; fruit is extremely large, sometimes 2 inches in diameter, and of finest quality. Color dark reddish purple. One of the most popular Plums ever grown.

HANSKA—You will like this large, bright red Plum, with its rich apricot flavor. Young to bear, and hardy anywhere. Fine for cooking or eating fresh.

OPATA—Not so large as some of the other Hansen's Plums, but of very fine quality, and the first Plum of them all to ripen. Fruit is freestone, dark purplish red with blue bottom, and with a very pleasing "sweet-acid" flavor. Very heavy bearer, growing and fruiting well in any section.

PRICE—All Plums—2½ to 3 feet, 35c each; 2 for 65c; 12 for \$3.50. Postpaid.

Apricots

EARLY GOLDEN—Small, pale orange, juicy and sweet.

MOORPARK—Yellow, with red cheek, juicy, and rich, freestone.

PRICE—All Apricots—2½ to 3 feet, 35c each; 2 for 65c; 12 for \$3.50. Postpaid.

Figs

BROWN TURKEY—Medium; brown, sweet, and excellent; very prolific. Most reliable for field culture. One of our hardiest varieties.

CELESTIAL—Medium; pale violet, with bloom; sweet and excellent; prolific; early. Hardest of all figs.

PRICE—Figs—2 to 3 feet, 40c; 3 for \$1.00. Postpaid.
